

**BUILDING INSPECTOR
CITY OF CAMBRIDGE
INSPECTIONAL SERVICES DEPARTMENT**

Under the general supervision of the Senior Building Inspector, enforces the provisions of the State Building Code and related statutes. Inspects buildings and structures under construction in accordance with the provisions of the State Building Code, and related laws. Specifically, powers and duties of the Building Official as described in the current applicable building code. Examines and approves plans for new buildings/structures, for repairs and alterations of existing buildings/structures in compliance with the Cambridge Zoning Ordinance and the State Building Code. Maintains records, investigates and addresses complaints, responds to questions from the public, prepares reports, coordinates with the demands of the department, testifies in court proceedings and performs related work as required.

Five years of full-time experience in the supervision of building construction or design and an Associate Degree in a field related to building construction or the equivalent combination of education, experience, and training. Bachelor's Degree in Engineering or in a related field to building construction preferred. Potential candidates must demonstrate the ability to read and comprehend complex building plans and specifications, including engineering plans. Additionally, potential candidates must have general knowledge of building and related sciences and be certified by the Massachusetts Board of Building Regulations and Standards (BBS) as a local building inspector, or have the ability to obtain such certification within 12 months of employment. A valid Massachusetts Driver's License and personal motor vehicle are required. Potential candidates must have a proven history of exceptional interpersonal and customer service skills, oral and written communication skills, as well as be known to exercise good judgement and be reliable with assignments. Fluency with computer use, particularly Microsoft Outlook, Excel, and Word, and handheld devices, and the ability to adapt to changing software are mandatory prerequisites.
